Consent to Bill & Release Protected Health Information

I authorize Lowcountry Therapy Center, LLC to release information necessary for billing my insurance company. If referral(s) is required, I understand that obtaining the referral(s) and keeping track of expiration dates and visit limits is solely my responsibility. It is also my responsibility to provide an IEP – to be shared with the health insurance company only – if needed for reimbursement purposes.

The Benefit Verification Form is only an explanation of coverage obtained from my insurance company and it is not a guarantee of coverage. I understand that a referral from my primary care physician is not a guarantee of payment by my insurance company. I assume responsibility for payment of services if denied by my insurance company. I will pay my co-payment at the time of service. I understand that **any fees not paid by my insurance company will be billed to me**.

I understand that evaluations consist of an initial consultation, testing as appropriate and narrative report. Some insurance plans cover only the testing. If this is the case with my insurance, I understand that I am responsible for any non-covered service provided in addition to my co-pay and applicable deductible authorized by my insurance company. Any balance outstanding past 30 days will incur a $25.00 late fee per month.

I understand that I should call at least 24 hours in advance should I need to miss a session. I understand that I can be charged $25.00 for a no-call/no-show missed session.

I understand that if upon retrospective evaluation my insurance company determines that payment was made by them in error or request reimbursement, I will be responsible for said reimbursement.

Please ask questions regarding your insurance policy and payments expected so there are no "surprises." Lowcountry Therapy Center offers free financial counseling upon recommendation of therapeutic services.

Pediatric Attendance and Discharge Policies

In order for our therapists to aid in the progress of your child's development, it is important that your child attend all therapy sessions as scheduled and on time. In order to better serve our patients, we have developed the following guidelines.

1. Duration of treatment is an important component of the therapeutic process. Patients are given a prescribed amount of time and are to arrive at the scheduled therapy time every session. If the patient is more than 15 minutes late, the session will be considered a cancelled visit and initiation of therapy will be at the therapist's discretion. **If a patient is more than 15 minutes late three consecutive times, the therapist has the right to discharge the patient.**

It also equally as important to pick your child up on time. If a caregiver is habitually late picking up their child, the therapist is unable to communicate the Home Exercise Program to the caregiver. Furthermore, the team members at Lowcountry Therapy Center cannot be responsible for watching your child outside of therapy times. **If a patient picked up late more than three times, the therapist has the right to discharge the patient.**

2. Frequency of treatment is also an important component of the therapeutic process. Patients are given a prescribed number of days per week based on the findings of their initial evaluation. **We require a minimum of 75% attendance of scheduled sessions per month. The patient may be discharged from the program if this frequency is not met** (e.g., therapy scheduled once a week = one cancellation per month permitted; therapy scheduled twice a week = two cancellations per month permitted, etc.).

3. It is your responsibility to notify the patient care coordinator or therapist if you need to cancel **24 hours in advance of the cancellation**. We are aware that unforeseen events occur that may prevent the 24 hour cancellation; however, please call to cancel. If you do not call to cancel 24 hours in advance, we retain the right to charge a $50 "no cancellation" fee.

4. **If your child is ill, please cancel the therapy session.** Illnesses include - but are not limited to - a fever greater than 99.6°F within a 24 hour period, respiratory (e.g., cough, difficulty breathing) and gastrointestinal symptoms (e.g., vomiting, diarrhea) within a 24 hour period, symptoms of communicable disease (e.g., sniffles, reddened eyes), and/or uncontrolled seizures.

5. If a patient does not show and does not call to cancel, it is considered a "no call, no show." **If there are two "no call, no shows" within a 3 month period then that timeslot is opened up to those on the waiting list. The family will be given the option of being placed on our "on-call list" where it is the family's responsibility to call us to schedule weekly therapy appointments.**
